TESTIMONIALS

"I own an SEO company in Vancouver. I first hired Liza J. Lee in 2008 to help with a clients text in their website as they had none. Liza called the client, interviewed them and created content in less time than she had originally promised. The quality of the text was excellent and the client was very happy. I have hired Liza more then once and strongly recommend her for copywriting as well as for all information relating to art. She has her fingers on the pulse of the Vancouver art scene so worth speaking to."

Eric Ayache, President, Guaranteed SEO

"I had the pleasure of working with Liza on an SEO project with a small business in Vancouver. Liza continually exceeded my expectations with her knowledge of the SEO process, organizational skills, passion for delivering a superior product, and great communication. I highly recommend Liza for your SEO copywriting needs."

Michael Carels, President, Carelli Studios

"Liza provided a solid foundation for our website as a copywriter / editor to ensure the right style and voice was used and that SEO was appropriately utilized. As a professional she is a pleasure to work with."

Frank Kusmer, Partner of CK-Global Solutions
